

DOCTOR CYMRAEG: Dechreuwyr 3.3 | *Beginners 3.3*

As previously stated, this cheat-sheet is designed to allow you to construct your own sentences and questions quickly and easily. Pick terms from anywhere on the page to form your ideas, but generally one would work from left to right. Please note that where more than one Welsh term exists, feel free to use whichever you like. If there's one with which you're accustomed already, stick with that one.
